Taste and See ([Psalm 34:8](#))

We appreciate friends and ministries that regularly **recalibrate** to improve their effectiveness for the growth of God's Kingdom. Our mission, Christian Health Service Corps (CHSC), frequently evaluates systems in place to meet the needs of missionaries and keep bookkeeping simple. That is not easy when we have grown 10-fold in the past decade! Recently, administrative staff spent hundreds of hours evaluating how to **recalibrate** their giving platform. Nothing changes if you contribute by mailing in donations. If you give recurring gifts online, you will begin to receive receipts from Qgiv after November 1st. The change should happen automatically, so there is nothing for you to do. Please get in touch with us if you experience any difficulty. We usually can find answers in minutes. CHSC's staff will always respond quickly and kindly if we fail. Thank you for continuing to help us equip the Ivorian people in extraordinary ways to experience abundant life in Jesus!

Stakeholders

Verlin visited a clinic administrator and some missionary friends who minister about three hours south of Bondoukou this week. They seek ways to **recalibrate** their Community Health Evangelism (CHE) approaches in clinic and village outreaches. The missionary family also desires to recalibrate relationships so their children can better thrive. Pray that their staff and partners will receive clarity and learn concrete steps to make them more effective. Verlin also met with stakeholders from the small village where the brick-making equipment will likely be placed and initially used after soil studies. Thankfully, on Wednesday, he received the contact information for the equipment makers to check the availability of parts, etc.

Prayer and Praise

- 🕊 Pray that the clinic and staff consider a re-training or two for using CHE effectively. May they decide to engage wholeheartedly for the sake of the Gospel and health in their community or realize they need another method to advance.
- 🕊 Sandra Payne's body (Debbie's mother) needs to **recalibrate** by losing water weight caused by congestive heart failure. She was admitted to the hospital on Thursday.
- 🕊 [Jerry Pinkerton](#) was promoted to Heaven last Sunday night. Continue to pray for his wife Carol and all the family.

Your partners in the Gospel,
Verlin & Debbie
